# Welcome to Cooper Fields

This exciting new development is close to the friendly Lancashire market town of Darwen, surrounded by the West Pennine Moors and within easy reach of Blackburn and Bolton.

Just off Roman Road, Cooper Fields is handy for Pulford Farm Shop and less than 2 miles from Darwen town centre. There you'll find convenience shops, supermarkets, pubs, cafes, bars and a bustling indoor market. The library theatre hosts live music, comedy, arts and entertainment and there's a leisure centre with a swimming pool as well as local golf, cricket and football clubs. Darwen boasts one of the country's oldest brass bands and its Victorian India Mill chimney, built in 1867, dominates the town's skyline at 303 feet tall.

Explore one of Darwen's four scenic parks or hike up to the 85-foot-high Jubilee Tower to enjoy breath-taking views. The surrounding moors offer miles of paths and bridleways for walking, cycling and horse-riding while Hoddlesden Reservoir is perfect for anglers. The neighbouring Johnson's Reservoir is a peaceful nature reserve.

The A666 runs through the town, joining Junction 4 of the M65 to the north and on to Blackburn less than 4 miles away with its Mall shopping centre. Head south 11 miles on the A666 for Bolton, where you'll find an award-winning market and annual festivals. Darwen Railway Station runs services to Blackburn, Rochdale, Bolton and Manchester and buses link Darwen to Bolton, Clitheroe and Accrington.

Our range of 2, 3 and 4 bedroom homes embrace contemporary design, while retaining classic architecture and traditional build quality. They include popular features such as open-plan living areas, stylish fitted kitchens, French doors and spacious master bedrooms with en suites.

So, if you're looking for a quality new home in a welcoming Lancashire market town, your search ends here.

# A home designed with you in mind

We are constantly reviewing our houses and ensuring they are everything that our customers want in a home. We are proud to have developed and launched a new range of homes.

These homes have been created to embrace modern design and styling, whilst retaining classic architectural traditions.

An integral part of the design process for our new range of homes was to ensure they have a real wow factor and eye-catching kerb appeal. From designing external elevations to create attractive street scenes through to maximising the flow and size of the rooms, the homes include a variety of features to capture the attention.

The size, positioning and number of windows in our new housing collection have created bright and airy homes, this mixed in with the higher ceilings gives your property a spacious feel.

The flow and layout of the new homes has been a key consideration to accommodate today's lifestyles, with a focus on future living.

With the kitchen at the heart of the home, impressive family spaces have been included within them to create sociable living areas, while attention on bedroom 1 and en suites has given the homes added desirability.

Many of the properties include popular French doors helping to bring the outside in and enhance the gardens as an extended living area.

## Firm foundations means peace of mind for you

When buying a new home, you want to be sure you can trust your builder. Choosing a Linden home gives you the peace of mind that comes from choosing a company that has been building some of the **best homes in the UK for more than a hundred years.**

We pride ourselves on being one of the country's leading housebuilders and have established an enviable reputation for the quality of our build and design, specification and customer service.

Each Linden home is carefully planned both to meet your needs and to integrate into the existing location.

We will often use local materials and reflect regional features. Trees are retained wherever possible and new landscaping added, along with footpaths and cycleways in many cases to help create a wonderful place to live.
